

# CROSSA

*Inspire collaboration in your community*

# What is CrossA?

A versatile platform that facilitates communication and collaboration between different organizations and their members

# CrossA - No Code Platform

Build at **config time**:

Content structure and interfaces

Workflows and data rules

Membership and permissions

Hierarchical grouping

Modular plug-and-play  
components:

Form builder

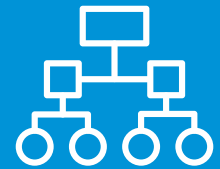

Payment

Notifications

# Cluster Use-Case Features

Centralize and  
classify members

CMS: Disseminate  
information to your  
members

Organize courses  
and events

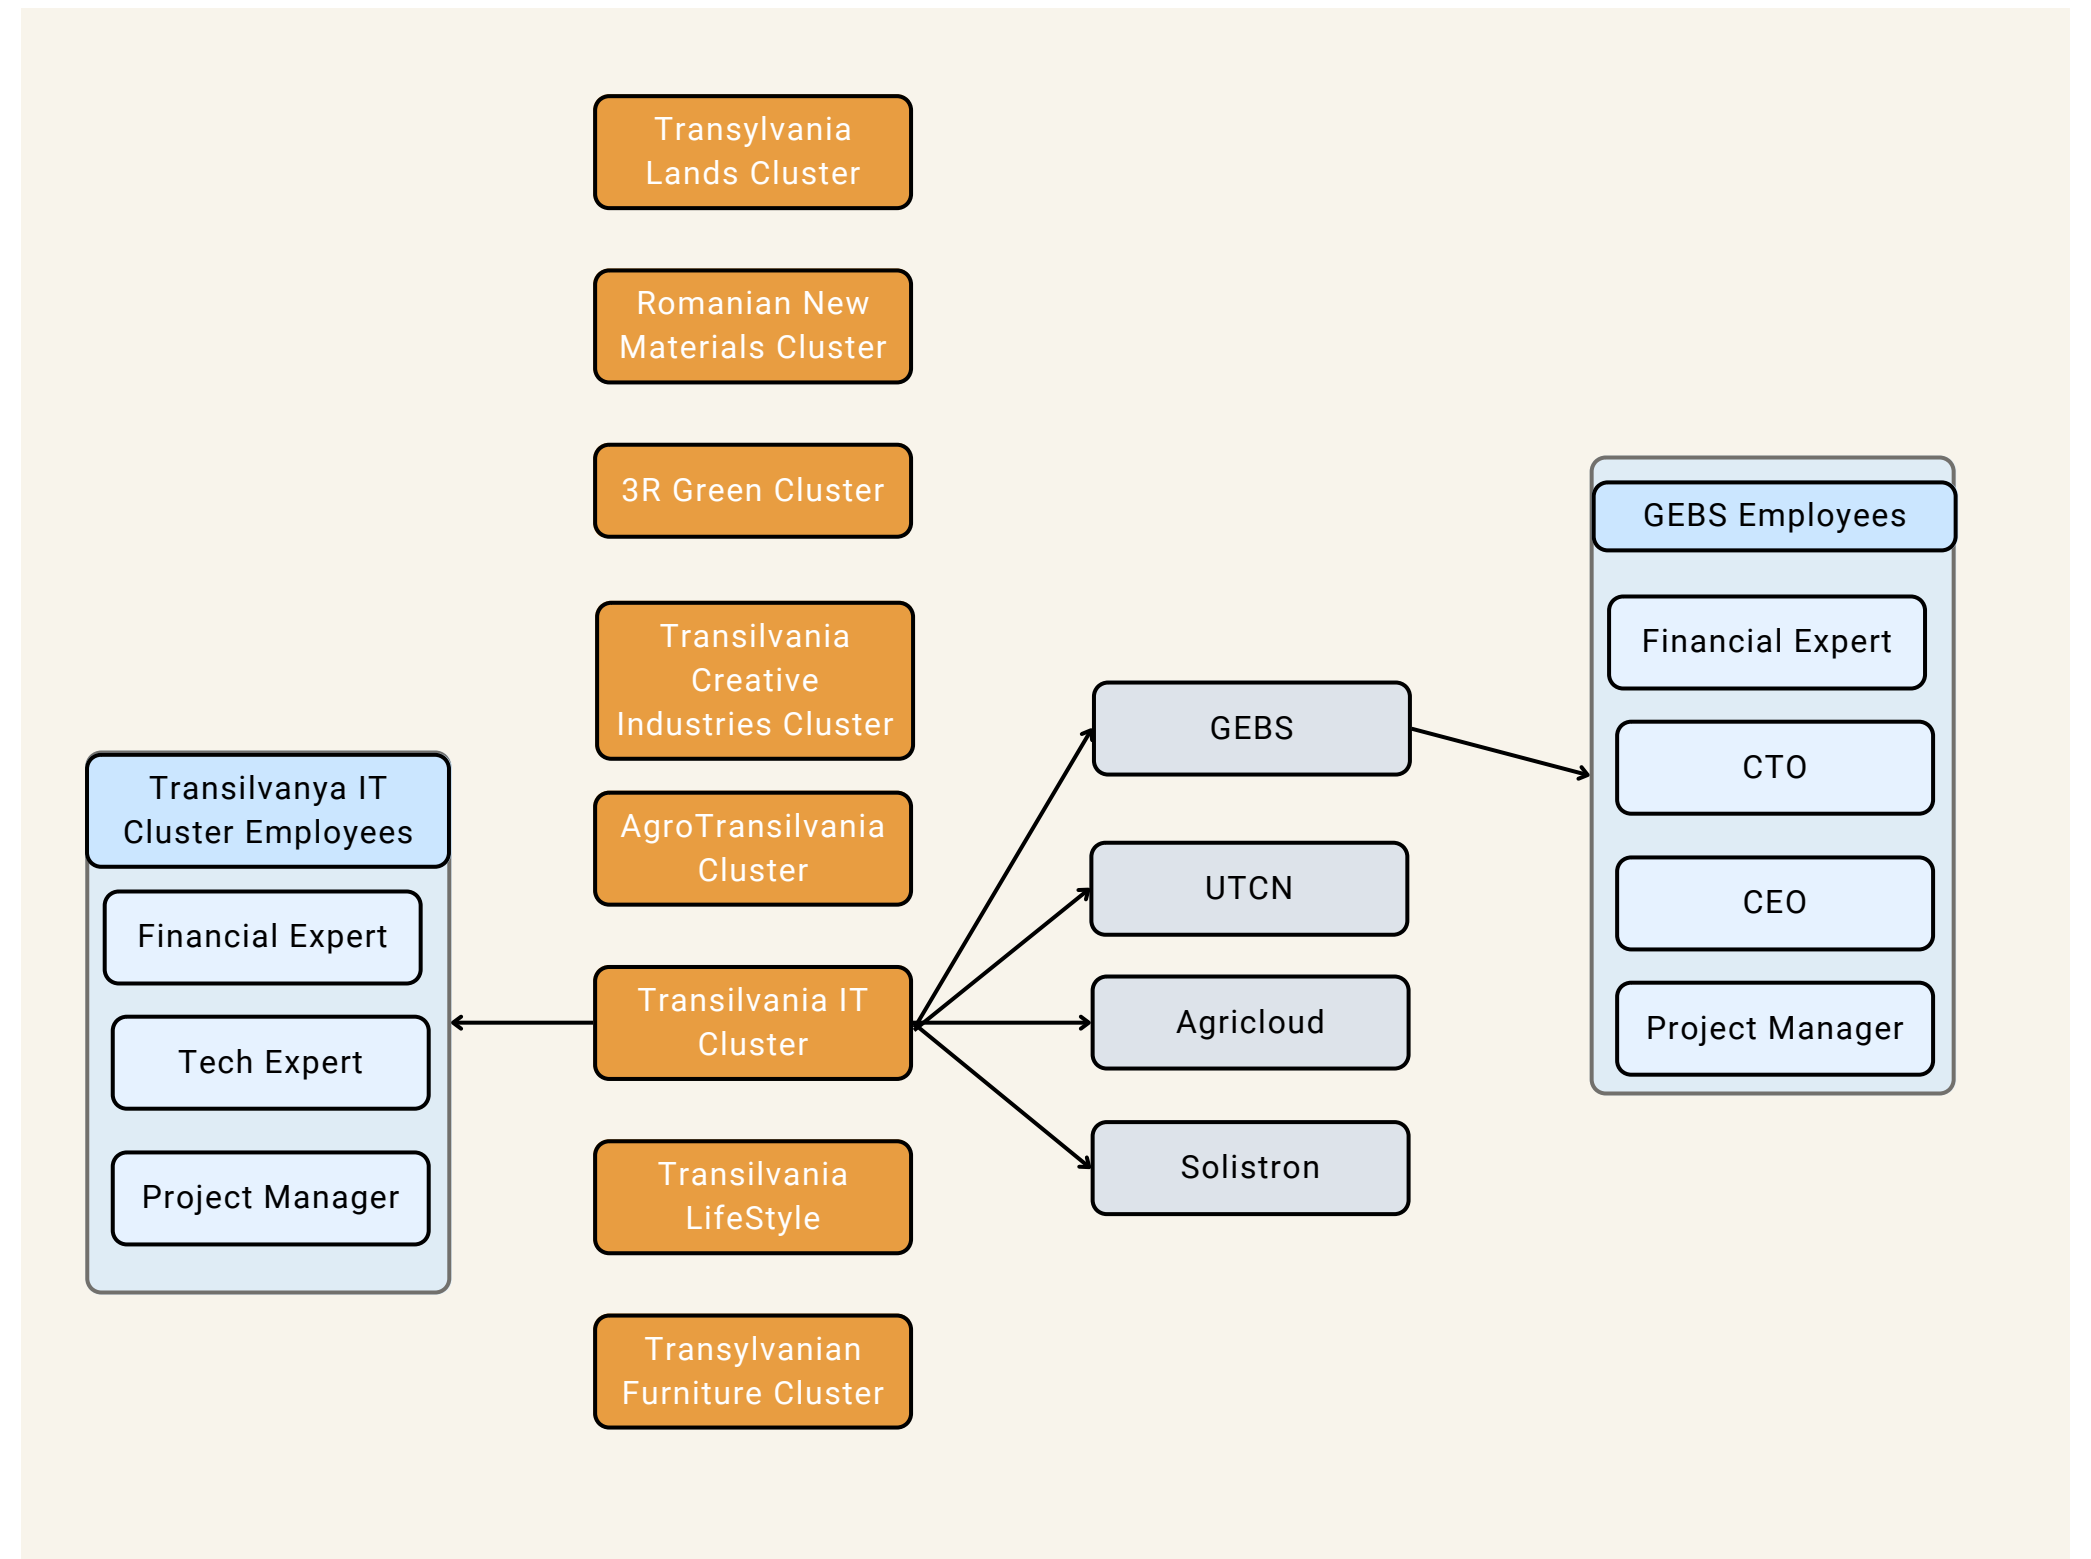

Create registration  
forms and manage  
payments

Generate reports

# Membership

Centralize and classify members

# Membership

Bring structure to your member organizations database with categories and filters

- ✍ Add as much information you need, show just the relevant one
- ✍ Search options
- ✍ Filters for all columns

# CMS:

## All content in one place

Disseminate information to your members
